

25 Charles Street • Stratford, CT 06615

**203-690-1550**

### **List of Participating Recheck Veterinarians**

In the event our office is closed and you need your pet to be seen by a veterinarian during the recovery period, please see your own veterinarian or an after-hours clinic. You may also contact the following offices whose veterinarian will perform a free recheck appointment for the spay/neuter performed at Nutmeg. Should your pet require any other services other than a visual check of the incision site, you will be charged the office's regular fees.
